5. Report from the Firefighters' Union – Chris Gill reported the Association was working to donate PTO and food to injured workers and to become able to donate funds to other charities. The Board wanted to caution the Association of unintended consequences when creating a policy on donations to employees but thought the idea was admirable and to consider a one time donate of PTO and food instead of a policy. ME said he thought PTO transfer could be done in the payroll system.

6. The Board will consider and possibly take action on the following Items:

a. St. 902 Remodel Construction Contract – Chief Elliott reviewed the proposed construction contract from Qual Con Construction. After much discussion on construction details, a motion was made to correct typos in the AIA document, have the District's attorney review the final copy, present to the contractor for signatures first and authorize ME to sign afterwards (M – SW, 2nd – SS, V – Unanimous).

ME said he will send the final copy to the Board before signatures and will prepare final revised budget figures including options for some additional improvements. ME will also get some bids on the additional work for review at the next meeting.

b. Travis County EMS Services – Commissioner Flathouse / Chief Elliott reviewed the efforts by Travis County Emergency Manager Danny Hobby to have all ESDs with the same Medical Director. Two ESDs are seeking medical direction for patient transport but are willing to continue discussions should that be an option in the future. ESD No. 9 has committed to be part of the Travis County medical direction plans. No action was taken.

c. Firefighter Pay Scale – Commissioners reviewed the variety of base pay details provided by the staff. Consumer Price Index and a general philosophy of pay scale review were discussed. The Board requested ME to choose an average time in rank, pay and retirement for Firefighter, Lieutenant and Battalion Chief and get comparisons from other ESDs. No action was taken.
